

The DuraFlex console is designed with ultra strong poly components that reinforce all the points where traditional consoles fail. The DuraFlex gives you the efficiency, durability and flexibility you need making it an asset to your company for many years.

The DuraFlex Green Console is the world's first document shredding console with no formaldehyde added during the manufacturing process. Formaldehyde is toxic and is emitted into the air from composite wood products at manufacturing plants. See www.usgbc.org for more info.

Our Commitment:

- To offer a full range of products compliant with all LEED and CARB legislation.
- To reduce customer exposure to known health risks.
- To constantly improve products to reduce the amount of raw materials used and fuel consumed for distribution.

180 Degree nylon hinge for unobstructed collection

Nylon bag hooks makes bag fit tight. No paper misses the bag.

Durable modular base slides easily and supports door in all directions.

One key can open every console, cart, Shredinator and PDC

Specifications:

- Dimensions: 36"H x 21 1/2"W x 16"D
- Capacity: 70-80lbs

Colors:

- Custom color options available for base, bag hooks and hinges for self branding
- Poly components come in gray or black on gray melamine

Light Weight Design:

- Lighter weight and improved strength
- Easy delivery and on-site set-up for collection employees

Accessories:

- "Perfect Fit" nylon bags - 30"L x 36"H
- Low profile castors
- ID badge: 3 1/16" W x 1 1/4" H

One Key Solution:

- One key can open every console, cart, Shredinator and PDC for quicker collection

Security:

- Internal lock plate and double turn lock for added security
- Kick plate, paper deflector and striking plate

*Patent Pending
